

Moving Forward

Emory Alliance Credit Union has developed a new program for members who need a second chance. The **Moving Forward Program** enables members who have experienced financial hardship, which may have resulted in damaged credit or the loss of using traditional banking accounts, to start the road back to personal financial recovery.

The **Moving Forward Program** provides four unique product offerings:

- **Moving Forward Loans** - an alternative way to finance a vehicle or personal loan instead of obtaining a high-interest payday or subprime loan. The special terms and interest rates provide members with a safe, cost efficient way for re-building credit and payment history.
- **Moving Forward Secured Visa Card** -by keeping a minimum of \$500 in a pledged savings account, a member may enjoy a dollar-for-dollar line of credit with a Secured VISA credit card.
- **Moving Forward Checking** - provides the benefits of Emory's services but with low minimum deposit requirements. And after a year of good standing, the Moving Forward Checking Account can be converted to one of our no-fee checking accounts.
- **Moving Forward Savings Account** - open with as little as \$25 and begin building your savings with a required minimum \$50 per month direct deposit.

There are a number of reasons why a member may have issues with their credit. With the economy unstable and unemployment so high, even those members who were on a positive financial path in years past can veer off course.

The bottom line is everyone deserves another chance. Given the challenging economic environment, Emory Alliance Credit Union is here to help members repair their credit and '**move forward**' to a successful, financial future.
